She lives just over the bridge  
And oh how I would give  
Almost anything to be her everything

I can't begin to tell you  
All the? these eyes have seen  
But none quite like her  
And she's only seventeen

For you I sing this simple melody  
Lada-da-da  
It was a murder in the first degree  
Her motives were unknown  
I'd rather die than be alone  
With this much, I know it's true  
The crimson trail leads back to you.

But now that I'm dead  
Visions of you  
Run through my head  
Like home-made movies we made  
When we were younger  
And now that I'm dead  
I wont waste your time  
I'll hunt your dreams instead  
And you can't run away

For you I sing this simple melody  
Lada-da-da  
It was a murder in the first degree  
Her motives were unknown  
I'd rather die than be alone  
With this much, I know it's true  
The crimson trail leads back to you.

And when you fall in love  
I hope you fall hard,  
I hope you fall fast.

And when you fall in love  
If it gets taken away  
I hope you'll say

For you I sang this simple melody  
Lada-da-da  
It was a murder in the first degree  
Her motives were unknown  
I'd rather die than be alone  
With this much, I know it's true  
The crimson trail leads back...

For you I sing this simple melody  
La da da da  
It was a murder in the first degree  
Her motives were unknown  
I'd rather die than be alone  
With this much, I know it's true  
The crimson trail leads back to you.
