And now your life it subsides, falls from beneath you
The moments of the past, forget tomorrow it brings
anew

See the love that you bring
Takes you to where, you're going to
Run, don't hide yourself
It's only fading moments
If you could see

It's for the taking my friend, the eternal end, it's for you
The past is overboard, don't worry your soul, it's in
neverland

See the love that you bring
Takes you to where, you're going to
Run, don't hide yourself
It's only fading moments
If you could see

Darkness unfolds as stories are told of new beginnings
Things don't look so bright, the sun hits the eyes of the
seedling

See the love that you bring
Takes you to where, you're going to
Run, don't hide yourself
It's only fading moments
If you could see

But who's to blame for it all, all of the questions
unsolved
Capsized your voyage of dreams, they'll right you off
as dead, never seen

See the love that you bring
Takes you to where, you're going to
Run, don't hide yourself
It's only fading moments
If you could see

(Solo)

(Chorus)

And now your life it subsides, falls from beneath you
The moments of the past, forget tomorrow it brings
anew
my friend
