I've got something to tell you
Something you can't deny
I've taken all that you've given
I've had it p to my eye

Can't feel the hunger
Feel that you can't go on, now
Stand up and be counted
Don't push your luck too far
Stand up and be counted
Don't push your luck too far, woah woah woah woah

And now I feel it
Burnin' deep inside
I've got a lot of good reasons
Of the mysterious kund

Can't feel the hunger
Feel that you can't go on, now
Stand up and be counted
Don't push your luck too far
Stand up and be counted
Don't push your luck too far

Can't hold on
Can't hold on
Gonna rock it up tonight
Let it roll now
Let it go now
Let it loose tonight, woah

(Guitar Solo)

Can't feel the hunger
Feel that you can't go on, now
Stand up and be counted
Don't push your luck too far
Stand up and be counted
Don't push your luck too far

Stand up and be counted

Don't push your luck too far

Stand up and be counted
Don't push your luck too far

Stand up and be counted

Stand up and be counted
