This is where we fight  
This is where they die  
On the shields boys

[Fat Joe talking]

Coca. I'm in the greatest shape of my life! 300 Brolic  
nigga. Who wanna fight? (Who who who who) Who  
wanna fuck around with the don right now, nigga?  
(Who who who who who)

Just when you thought it was  
Safe to turn the corner I  
Had to run up on him like blat! now he's gone  
Who you think you kidding dude  
I will just get rid of you  
Leave you in that critical it's  
Joey crack the don  
You don't even know me  
Got hundred homies and bogies  
With chromies and run up on me  
Blow your brains on your mom  
I am a professional  
I will cut your testicles  
Stuff em in your mouth where them lil shits belong

[Singing]:

We want war  
We love war  
We need war  
We want war

Just when you thought it was  
Safe to turn the corner I  
Had to run up on him like blat! now he's gone  
Just when you thought it was  
Safe to turn the corner I  
Had to run up on him like blat! now he's gone

Crack man, crack man  
Playin with the gat then  
Hear that? brat ta tat ta tat ta like the song

Taurus, raging bull about the size of my arm  
See the size of the charm make your wife leave your  
arm  
That's right, i fight, i done been in brawls  
I done did some things that made some killers shit they  
drawers  
I done be on boats in Columbia shippin raw and  
I done ripped up plenty of stages with Biggie Smalls  
Oh shit, wait a minute, I done did it all  
Poor righteous teacher i'm featured on final car  
I salamaleikum em and, yes yes y'all  
And Pun already told you that we ready for war  
Crack playing, hit mayne, blood stains on the wall  
Shit mayne, his brains, your remains on the floor  
I am a professional  
I will cut your testicles  
Stuff em in your mouth where them lil shits belong

[Singing]:

We want war  
We love war  
We need war  
We want war

Just when you thought it was  
Safe to turn the corner I  
Had to run up on him like blat! now he's gone  
Just when you thought it was  
Safe to turn the corner I  
Had to run up on him like blat! now he's gone

[Singing]:

We want war  
We love war  
We need war  
We want war

Just when you thought it was  
Safe to turn the corner I  
Had to run up on him like blat! now he's gone  
Just when you thought it was  
Safe to turn the corner I  
Had to run up on him like blat! now he's gone
