[talking: fat joe]  
Cool & dre  
Who you gonna trust?  
Yea, you could trust me, haha

[tony sunshine]  
La la la la la  
Ooooooh

[chorus: tony sunshine]  
I don't care about nothing else my baby (baby I don't care)  
All I care is bout being here for you (oooh)  
And I won't stare at nobody else my baby (promise I won't stare)  
'cause all I need is you (all I need, all I need baby)

[talking: fat joe]  
To all the ladies in our lives, you heard  
Strong independent women, come on  
Yea, huh

[verse 1: fat joe]  
What you think gangstas don't cry get hurt by lies  
Times you embarrassed me I swallowed my pride  
I'm tired of telling you I got nothing to hide  
I'm in the studio at night you think I'm out with the guys  
Every time I speak to you you got something to say  
According to you i'ma speed crushing all day  
All I'm askin you for is to be more trusting  
I'm outta town all the time and don't accuse you of nothing  
Picture me creepin with a chick on tour  
When you love my son as if it was yours  
I know at times you feel alone 'cause I'm not at home  
That's why every few hours I pick up the phone  
To reassure you my love is more then a scene  
I adore you my wife my colombian queen  
I promise to never stray I'm on it everyday  
To have a woman like you in the life of jose (hey)

[chorus]

[verse 2: armageddon]

Yea how I'm supposed to start this  
First and first you my queen goddess  
My moon my earth the wisdom to a nigga's knowledge  
I swear to God it amazes me how you stay in college  
And still manage to raise my baby boy when I'm gone  
and  
Touring making dollars assuming that I love you or  
regardless  
I feel it's time I showed you bless you with this ring,  
now that's  
Something to hold you down till a nigga come back  
Me and my lady got history this worth she deserves  
More then this cold world is giving me to share with her  
word  
And I don't care about nothing else except my girl (my  
girl)  
Not myself no one else just my girl (my girl)  
You bring life to my world you give me strength to go  
on  
And face life even when it seems all holes gone  
Labeled my wife but you truly exceed the title  
You my future my happiness my heart my idol  
I promise girl, that

[chorus]

[talking: fat joe]

Haha  
This is going out to you, you and you and you

[verse 3: fat joe]

To all the ladies out there if you love your man  
You need to hold your man embrace your man  
And just grab his hand repeat after me  
I promise to stay true and give you all of me  
Whether he's locked down or on the grind  
Or whether is out of work or at work on time  
You need to trust that man and respect that man  
And you get what you feel you deserve from that man,  
and

[tony sunshine]

'cause I need somebody who will stand by me  
Through the good times and bad times who will  
always...  
Always be my girl

[chorus - repeat 2x]
