[Chris Brown - Hook]

Don't you be holding back, your love  
Don't you be holding back  
Don't you be holding back, your love  
Don't you be holding back

Cuz in the end girl you're gonna want another round,  
another round  
Only girl you'll want another round, another round

I used to want you, and her and her and her and you  
and her and her  
I used to want you, and her and her and her  
All I want, all I want...

[Fat Joe]

Quit playing girl you know that you want it  
I can tell this body when your push it out and flaunt it  
you bad  
Something like dirty diana, body dope  
And the sex off the handle  
Your ex couldn't beat it  
I hit it like a frito  
And since I lost some weight you say I got a big ego  
It's too strong, you set the drive stick  
Well baby just peel off  
Loving how it lasts long  
Lead the sheets  
F-ck with the mask on, halloween  
Your body shivers and troubles with each and every  
stroke

[Chris Brown - Hook]

Don't you be holding back, your love  
Don't you be holding back  
Don't you be holding back, your love  
Don't you be holding back

Cuz in the end girl you're gonna want another round,  
another round  
Only girl you'll want another round, another round

I used to want you, and her and her and her and you  
and her and her  
I used to want you, and her and her and her  
All I want, all I want...

[Fat Joe]

Never hesitate  
Purchasing in every state  
Transport her in foreign cars to larger states  
So believe me, you know you wanna come on girl  
As long as we can kick it with your home girl  
Had two on one fast break that's a slam dunk  
I know you want it, I can take you with...  
Champs...

[Chris Brown - Hook]

Don't you be holding back, your love  
Don't you be holding back  
Don't you be holding back, your love  
Don't you be holding back

Cuz in the end girl you're gonna want another round,  
another round  
Only girl you'll want another round, another round

I used to want you, and her and her and her and you  
and her and her  
I used to want you, and her and her and her  
All I want, all I want...

[Chris Brown - Bridge]

Girl you got tha fine thing on  
I can't resist, imma light some candles girl  
And tight up your wrists  
And I'm licking chocolate right off your stomach  
Baby you ain't handled freaky sh-t like this  
And I start...  
And now you're telling all your girls I didn't...

[Chris Brown - Hook]

Don't you be holding back, your love  
Don't you be holding back  
Don't you be holding back, your love  
Don't you be holding back

Cuz in the end girl you're gonna want another round,  
another round  
Only girl you'll want another round, another round

I used to want you, and her and her and her and you  
and her and her  
I used to want you, and her and her and her  
All I want, all I want...
