This my shit right here,  
When it comes to this money shit  
It's what I do.  
These niggas my sons,  
I own this shit.  
CoKe Da Don  
TS  
Uh

Hook:  
Sky is not the limit is just the view  
We up this... than you  
Ceilings to the sky  
Ceilings to the sky  
Ceilings to the sky  
Ceilings to the sky

Yeah, a couple kilos on the neck and wait the cuba  
connect  
It's like I'm for de la way we will in the checks,  
Red bone on the passenger and feeling like the chosen  
Tacking make the mess, had the real poke cose in it,  
Villa on the ocean, water look like mouth wash  
Hundred acres, gotta move around a golf cart  
Panthers in the backyard, charged it to the black card  
Now that's animal cruelty,  
Interior designed by Emilio Pucci  
Got supermodel chicks, callin' me booji,  
My chauffeur get's chauffeur  
Uh, myself burk it's your fur,  
Pimped the wip miss the show dump in the new fur  
I'll be cur, more money,  
What would have happened if they never kill sunny,  
Now who the f\*ck got the Godfather hit.

Hook:  
Sky is not the limit is just the view  
We up this... than you  
Ceilings to the sky  
Ceilings to the sky  
Ceilings to the sky

Ceilings to the sky

Dolphins in the back yard,  
Ceilings to the sky  
?  
Ceilings to the sky

You basic nigga, it's not basically murder you  
Lyrically a wap of back then convertible  
I'm a dog fresh shit, all the way to heaven  
Six shot, want in the head my lucky seven  
I'm a... straight with numbers, three million wastes,  
They pound in all hundreds,  
Lost in weight now they're calling me fancy  
Ring side will lie and merge in the Jim Lampy  
My land stick, ice blue lampy  
Killing with... and places you nigga can't be  
We're bellow friends and copy me an optical,  
Snick the fame, belongs in the hospital,  
Straight jacket, it's the bell main though,  
... the witches you can still feel my pain though,  
Fat nigga over twenty million sold  
And I've been doing this since twenty years old nigga.

Hook:  
Sky is not the limit is just the view  
We up this... than you  
Ceilings to the sky  
Ceilings to the sky  
Ceilings to the sky  
Ceilings to the sky
