Give your body to me  
Give your body to me  
Let your body be free  
Free your body, your body with me

Give your body to me  
Give your body to me  
Let your body be free  
Free your body, your body with me

I wanna undress you  
I wanna caress you  
Don't wanna be coy  
Its time to get me off

I wanna undress you  
I wanna caress you  
Don't wanna be coy  
Its time to get me off

Cmon baby thrust me trust me  
Get me off  
Your my poison and i can not get enough  
Cmon baby thrust me trust me  
Get me off  
Your my poison and i can not get enough

Get me off  
Get me off  
Get me off  
(getting loose getting loose)  
Get me off  
Get me off  
Get me off

Youve got to get me off

Give your body to me  
Give your body to me  
Let your body be free  
Free your body, your body with me

Give your body to me  
Give your body to me  
Let your body be free  
Free your body, your body with me

I wanna undress you  
I wanna caress you  
Don't wanna be coy  
Its time to get me off

I wanna undress you  
I wanna caress you  
Don't wanna be coy  
Its time to get me off

Cmon baby thrust me trust me  
Get me off  
Your my poison and i can not get enough  
Cmon baby thrust me trust me  
Get me off  
Your my poison and i can not get enough

Get me off  
Get me off  
Get me off  
(getting loose, getting loose)  
Get me off  
Get me off  
Get me off

Youve got to get me off

Give your body to me
