[Hook]

As I count this dirty money, pray to god we gonna win
Ace of spades, sin city, then I'm all in
Nigga talking 5, then I front him 10
Kiss the ring, no country for old men
No country for old men, no country for old men
Ace of spades, sin city, then I'm all in
Kiss the ring, no country for old men

[Verse 1: fat joe]

Jeremy lee and I got that china white
Ray charles when them boys come, outta sight
I puts the work in that pot yeah,
Then watch the motherfucker bubble like the...
We're from the streets that made... pastor
Ripping in the kitchen, I'm the base master
These niggas dying over red bones
I beats the p-ssy up like some headphones
Niggas swear to god that they gonna clap him
Backy out, ain't gonna happen
Look at me, I'm rocking 2 chainz
In that bentley truck, that's the new game

[Hook]

Ace of spades, sin city, then I'm all in
Nigga talking 5, then I front him 10
Kiss the ring, no country for old men
No country for old men, no country for old men
Ace of spades, sin city, then I'm all in
Kiss the ring, no country for old men

[Verse 1: 2 chainz]

2 gun game, one is 38,
Every time I do a verse, first bought the 8
My first job was in the trap, selling weight
Turn 1 to 2, 2 to 4 and 4 to 8

2 red bone, each with red bottoms
Play the feet on the whip and call it nail polish
I got a fetish for the doll, nigga eat your zone
If money talk you need to put me on the speaker phone

[Hook]

As I count this dirty money, pray to god we gonna win
Ace of spades, sin city, then I'm all in
Nigga talking 5, then I front him 10
Kiss the ring, no country for old men
No country for old men, no country for old men
Ace of spades, sin city, then I'm all in
Kiss the ring, no country for old men

[Verse 3: french montana]

Cocaine magic white rabbit out the hat
I ain't talking apple when I'm pulling up the mac
With that ready rock, call me betty clock
I'm at the 44 where I aim choppers
Smoking purple leaf, right by forest projects
No... chop your body up on 40 bucks
With 30 chainz on, I'm a blogger dream
Hit jersey flip the work back...
I don't work out, but shawty love my sport car

Young nigga shining like I rock the...

Ace of spades, sin city, then I'm all in
Kiss the ring, no country for old men
