[Chris Brown - Hook]

Don't you be holding back, your love  
Don't you be holding back  
Don't you be holding back, your love  
Don't you be holding back

Cuz in the end girl you're gonna want another round,  
another round  
Only girl you'll want another round, another round

I used to want you, and her and her and her and you  
and her and her  
I used to want you, and her and her and her  
All I want, all I want...

Shawty got a mean walk, a mean shoe game  
The bitch badder than any bitch that you name  
I'm talking Janet, maybe...  
Come on

[Fat Joe]

Quit playing girl you know that you want it  
I can tell this body when your push it out and flaunt it  
you bad  
Something like dirty diana, body dope as heron  
And the sex off the handle  
Your ex couldn't beat it  
I hit it like a frito  
And since I lost some weight you say I got a big ego  
It's too strong, you set the drive stick  
Well baby just peel off  
Loving how it lasts long, Leave the sheets gushy  
F-ck you with the mask on, halloween p-ssy  
Your body shivers and troubles with each and every  
stroke  
P-ssy wetter than ever, enough to sink a boat

[Chris Brown - Hook]

Don't you be holding back, your love  
Don't you be holding back  
Don't you be holding back, your love  
Don't you be holding back

Cuz in the end girl you're gonna want another round,  
another round  
Only girl you'll want another round, another round

I used to want you, and her and her and her and you  
and her and her  
I used to want you, and her and her and her  
All I want, all I want...

Shawty got a mean walk, a mean shoe game  
The bitch badder than any bitch that you name  
I'm talking Janet, maybe....  
Come on

[Fat Joe]  
Never hesitate  
Purchasing in every state  
Transport her in foreign cars to larger states  
So believe me, you know you wanna come on girl  
As long as we can kick it with your home girl  
Had two on one fast break that's a slam dunk  
I know you want it, I can take you where ya man won't  
Champs, Alize, think Rolls Royce  
Yellow Nuvo and Pink

[Chris Brown - Hook]  
Don't you be holding back, your love  
Don't you be holding back  
Don't you be holding back, your love  
Don't you be holding back

Cuz in the end girl you're gonna want another round,  
another round  
Only girl you'll want another round, another round

I used to want you, and her and her and her and you  
and her and her  
I used to want you, and her and her and her  
All I want, all I want...

[Chris Brown - Bridge]  
Girl you got tha bomb thing on I can't resist  
Imma light some candles girl and then tie up your  
wrists  
Then i'm licking chocolate right off your stomach  
Baby you ain't handled freaky sh-t like this  
And I start drippin ice down ya spine  
And make you mine  
And now you're telling all your girls I done tore it up  
So don't be mad that they all want me, there's room for

all of us

[Chris Brown - Hook]

Don't you be holding back, your love

Don't you be holding back

Don't you be holding back, your love

Don't you be holding back

Cuz in the end girl you're gonna want another round,  
another round

Only girl you'll want another round, another round

I used to want you, and her and her and her and you  
and her and her

I used to want you, and her and her and her

All I want, all I want...
