Joe Crack this is history

Who got the most cars, most guns, most bitches  
And I don't gotta pull the triggas I just blow kisses  
Niggaz love Jada that hate rap  
Upstate tryin to get they weight back  
Bout to go to k-sack  
Cause I made niggaz believers  
My voice my flow that helped your faggot ass get in the  
league  
And I ain't gotta suck dick to sell records  
get all outta character and scream and yell reckless  
Listen to me; I'm the cat that'll sit in a tree  
And shoot the dog in the head while he shittin and pee  
And I'm just so cool; I prally could snatch Trini  
from Usher in a club in Atlanta wit no jewels  
You always was puss you never was hard  
You know who it is Ruff Ryders and Terror-the-squad  
And make sure you remember this  
My lifestyle remix; 'Kiss, Joe Cracks and Remi-nisce
