I come to find out that I need true love and?
I need love will search no further
Cause I'm making love where your voice just murer
She calls me Pookie and I call her Poochie.
She's in a drophead making a movie
And they got two seats and they keep harassin? her
You got it fucked up, she ain't the passenger,
She's my boo and I ain't ever loved like this.
And she's screamin? she never cum like this.
Trips to Capri, yachts with the helipad,
Introduce her to my moms cause she's hell of bad.
I guess if you seek it you'll enjoy a love that's created
by a girl and boy.
I Need Love

I never felt this way before, how to explain the way I'm
feelin? (feelin)
But, boy it's you that I've been lookin? for, cause you
got all that I've been missin?
I love the fact that you keep an open mind, to take the
time to really listen.
Just thinkin? about you gives me butterflies. So when
you speak I pay attention.
I admire the way you show me prove. And how you do
what you say your gonna do.
And if ever I need, I know that you gone get it on how
you live for us.
And that's why I don't mind when your late. Just as long
as your coming home to me, Every word in this song is
basically all the reasons that I need you love.

When you walk in the room my heart skips a beat.
And you ain't ever got to worry bout where I'll be
Cause if you need me, best believe that you can call on
me.
Cause I can't let it go, just as long as you know that I
need love in the morning and in the afternoon.
And in the evening best believe that I ain't mad at you
The way you put it down like nobody could ever do
And I can't let it go, just as long as you know I need
love

Every now and then I catch myself ready to flip over
some bullshit (bullshit).
But I don't want to be with no one else, so I try not to put
you through it.
You make me feel so sexy baby'you make me feel so
good (good)

I swear the love that you give to me, I'm going to give
to you always and forever.
I admire the way you show and prove. And how you do
what you say your gonna do.
And if ever I need, I know that you gone get it on how
you live for us.
And that's why I don't mind when your late. Just as long
as your coming home to me, Every word in this song is
basically all the reasons that I need you love.

When you walk in the room my heart skips a beat.
And you ain't ever got to worry bout where I'll be
Cause if you need me, best believe that you can call on
me.
Cause I can't let it go, just as long as you know that I
need love in the morning and in the afternoon.
And in the evening best believe that I ain't mad at you
The way you put it down like nobody could ever do
And I can't let it go, just as long as you know I need
love

Every time your around
You find a way to make it count
Baby, when you lay me down
You make me so glad that I found
Somebody who loves like you do
Cause can nobody can touch me like you do
Cause baby how you got me fallin waitin? for you
callin?
I'm gonna give my all and all.

When you walk in the room my heart skips a beat.
And you ain't got to worry bout where I'll be
Cause if you need me, best believe that you can call on
me.
Cause I can't let it go, just as long as you know that I
need love in the morning and in the afternoon.
And in the evening best believe that I ain't mad at you
The way you put it down that nobody could ever do
And I can't let it go, just as long as you know I need
love
