[rodney]

Yo I don't think they're ready for this one

Another darkchild remix

Brandy, rj, big pun, fat joe, terror squad

Come on

[big pun]

Hear the truth shorty

With my fruit punch and my forty

Sweeter than candy, brandy's the only one for me

You get it up

It's only the middle of the week

But when you called joe and pun

You kept it real with the streets

That's the true honor

Not the jewels or garbana

Any fool can't accomplish just a few hundred dollars

That's paper thin, I got my mamma out the apron

I'm loyal to her from eight to ten

Make way for the twin

[fat joe](brandy)

Who the twins that be making it hot

(say what?)

Number one on you billboard charts

Showing love to them thugs who be holding the blocks

And we be tearing up the club like the three six mob

Joey crack baby, ain't no time to react lazy

Brandy gave us a call and our track's gravy

Perhaps maybe we can ball with this

And all get rich, I ain't only talking ish!

[brandy]

Some people say that I am not the same girl

They think that I am in my own world

What makes them think that I have changed, yeah

A little dough can not erase my problems

Me, like you, I have to try and solve them

Yes everything is quite the same

1 - [brandy]

Sitting on top the world

Sitting on top, no that's not so

Everybody changes, let it go

Sitting on top the world

I'm just one girl trying to live my life

But someone telling me what I like

[brandy]

Back in the days...when I was young

I'm not a kid anymore

But some days I sit and wish I was a kid again

[brandy]

I wonder why it's often said that my life's

A fairy tale and everything is so right
I wish that you could know the truth, yeah
My life is real so please don't get it twisted
Problems the same and got to be dealt with
These are the things I wish you knew, ooh yeah

Repeat 1

[fat joe]
Ever since you wanted to be down

I wanted to put you on

But you ain't come around

Had no time for the don

Sixteen on the block

The latest phenomenon

Number one with a bullet

And your own sitcom

Brandy hand me one of the platinum hits

People talk but they don't know the half of it

Well the fact this is, we're in the worst business

And anything you have you deserve it miss

[big pun]
Encima del mundo

Follow the squad we never segundo

Tell el mundo, telling vatos of every remover

Word chulaw we packing men like lollapalooza

>from here to havana, cuba then puerto rico en
scooter

Getting mula

Sitting on top of the world like a buddha

Who the first latin to go platinum without the basura

Big pun the caputera with cheddar

Never settle for second best cause I'm primera, which
forever

Repeat 1 till end
