[Fat Joe:]

Big Boys anthym! 718, 205 come on

[Ruben:]

[Chorus X2]

What is sexy? Love's in the eye of the beholder  
Sex me, Baby we can get closer, freaky  
Up in the crib, Come on over, sex me  
Your so sexy, What is sexy?

Baby I saw you through my rearview  
And you know I'm a big man  
They say to know me is to love me  
And you love me for who I am  
So Imma win some, I lose  
But the point is to chose  
That one that keeps my happy  
And my point of chosing you  
Is the fact that you are so sexy, yeah

[Chorus]

I've been thinking (girl)  
About you (girl)  
If this world was mine, then its yours (girl)  
But the cribs and the cars and jewels  
Imma keep so I can floss with my boys on the  
weekends  
And, I'm not scared of commitment  
But the big man, Handles his business  
And my business is you and me, coz you are so sexy...

[Chorus]

Baby I would do anything (girl)  
Aint nothing I will do for your love [X4]

[Fat Joe:]

Yo, When it comes to chicks, Im sick wit it  
late night quick in it  
or til late when the daylights still in it  
yah when i rock, bounce with it ma

Love it when that pretty brown brown get on top

and i pound that whoo! like the place was surrounded
