(Child saying)

Dear Lord,

Thank you for my mom and dad.

(Bob singing)

Angels fly above you. They know that I love you. So, I
watch you dreaming now. I wonder if you know....

Before I knew your name. Before I saw your eyes, your
chin, and your nose. Before I counted your fingers and
toes, I asked Heaven for someone wonderful as you
and every prayer and wish came true. I dreamed of you
before I knew your name.

I am thankful for you. You know I adore you. So I watch
you dreaming now. I wonder if you know...

Before I knew your name. Before I saw your eyes, your
chin, and your nose. Before I counted your fingers and
toes, I asked Heaven for someone wonderful as you
and every prayer and wish came true. I dreamed of you
before I knew your name.

I dreamed of you before I knew your name.
