I was the lonely one inside
Seemed like my prayers had been denied
I'd come to the decision
To never find a love that's true

Down on my knees again, in prayer
Oh Lord, please send someone to care
My best imagination
Could not have dreamed someone like you

You must have been an angel
I can tell by the heavenly way, my heart fell
Oh, it was spiritual, a miracle
That an angel would fall in love with me

You've got that heart of gold, well I swear
You are the answer to my prayer
And so much heavenly power
To make a mortal dream come true

Oh, you were heaven sent, I know
For even when the lights are low
I can almost see a halo
Girl, I'm so in love with you

You must have been an angel
I can tell by the heavenly way, my heart fell
Oh, it was spiritual, a miracle
That an angel would fall in love with me

Girl I'm so glad I found you
Gonna wrap my whole world around you
Oh it's gonna be so heavenly
Just you and me

You must have been an angel
I can tell by the heavenly way, my heart fell
Oh, it was spiritual, a miracle
That an angel would fall in love with me

You must have been an angel
I can tell by the heavenly way, my heart fell

That an angel would fall in love with me

You must have been an angel
I can tell by the heavenly way, my heart fell
Oh, it was spiritual, a miracle
That an angel would fall in love with me
