I get up later now I'm on my own  
Words ring in my ear, "Embrace the day"  
I don't wanna put my records on  
Love is new and they all sound the same

'Cos it feels like things just fall in line  
Makes me wanna give in all the time

Every day is like an avalanche  
I dare not tell anyone  
We give ourselves away to every moment  
I've given up trying to play it cool for now

Cos it feels like we just fall in line  
Now I wanna give you all my time

It's a beginning  
Something I've been waiting for  
It's a beginning  
I don't wanna lose it anymore

Cos it looks like the tide is turning  
And it feels like the night is young  
Throw me in the fire  
Feed me to the lions  
Tell me I'm the only one

Take me far away from here  
Where I can hear you speak  
'Cos we're all hung up on stuff  
And I've had enough of talking tough

It's a beginning  
Something I've been waiting for  
It's a beginning  
I don't wanna lose it anymore  
Cos it looks like the tide is turning  
And it feels like the night is young  
Throw me in the fire  
Feed me to the lions  
Tell me I'm the only one
