Tonight I wish I was the moon  
It always knows just what to do 'cause every time's the  
same old song  
Dancing round this sleeping earth the whole night long  
Wandering past the mirrors gaze  
Noticing I aint shaved for days asks "just what the hell  
have you been up to?"  
"Haven't you a place to be? Someone who needs you?"

Hold me now promise you won't let me go  
Through the memories and beyond the great unknown  
Hold me now promise you won't let me go  
Cos I just can't stand the thought of losing you  
Losing you

Tryin' to get lost in the night  
I'm shown up by those damn street lights as if under  
interrogation  
Seems everyone's looking for an explanation  
Walk in to an Ezy Plus  
The guy behind the counters suss  
I haven't done anything wrong  
Just haven't known what to look for in so long

Hold me now promise you won't let me go  
Through the memories and beyond the great unknown  
Hold me now promise you won't let me go  
Cos I just can't stand the thought of losing you  
Losing you

I guess I'm stuck in the rain again  
I guess I'm stuck in the rain  
I guess I'm stuck in the rain again  
I guess I'm stuck in the rain
