Well well, are you ready  
I'd just like to take ya on a little trip, come on

How would you like to go with me on a peaceful journey  
Wouldn't you like to go with me on a peaceful journey  
How would you like to go with me on a peaceful journey  
Wouldn't you like to go with me on a peaceful journey  
Just let me take you by the hand  
I promise to lead to you a better land  
Give me your heart and I will be your guide  
People there live in harmony side by side  
I've been searching for a long time for a place like this  
There you'll find peace, love and happiness  
So why don't you, so why won't you  
Come go with me on a peaceful journey  
Come go with me on a peaceful journey

Just let your mind be free and follow me  
There is no place like this, it's heavenly  
Don't be afraid to put your hand in mine  
Just take this trip with me and spend some time  
I've been searching for a long time for a place like this  
There you'll find love, peace and happiness  
So why don't you, so why won't you  
Come go with me, come go with me  
How would you like to go with me on a peaceful journey  
Wouldn't you like to go with me on a peaceful journey
