

## Fatal "Anguish"

Abusive visions  
Plague the subconscious  
Mind  
Reoccurring catastrophe,  
Reality not eminent

Seclusive mind religions  
Trapping repulsive thoughts  
Ripping valleys of fear,  
Feeling distraught

Tearing at the skull  
The visions burn through  
And rip  
Convolutions of grey matter,  
Ooze over sanity  
Cry, rage in torment  
Refuse to subside  
Possesses my thoughts  
In anguish I lie

Tearing at the skull  
The visions burn through  
And rip  
Convolutions of grey matter,  
Ooze over sanity

Cry, rage in torment  
Refuse to subside  
Possesses my thoughts  
In anguish I die....
