Feel the helter skelter that even God can't help you
Better run and lie ya ass in shelter
Cos I ain't with the bullshit
Push it in, pull it back then I hit ya with a full clip
And watch ya bleed, you kill my seed
And now I wanna put you on your knees
So look into my eyes
It's time to die (die!)

Come and die!
Come and die!
Come and die!
Come and die with me!
* repeat *

Die!
Come on!
Aaagh!
Diiiiiiiiiiiiieeeeeeee!

[therapy? 's andrew james cairns]
Can't run, can't hide
I will kill you
You can't run, I'm gonna get you
Can't hide, I'm gonna find you
Can't run, I'm gonna kill you
You can't hide, I'm gonna kill you

[fatal hussein]
Thugs on the wall are goin insane
When I catch this motherfucker i'ma shoot his fuckin
