I'm from cleveland and chill wit him so I think I can solve yo problem...

It's the fat al, and I'm from the SLAB
1st nigga puttin 28s on a jag
20s on a lac
24s on a cutty,
Pull up in a brown car look like a nutty booty
Now I got some buddies, that love to cap
And they love tha fat al just because a nigga rap
Niggas stay strapped and I aint talkin bout a gun
Look when I stop how my rims just spunn
Niggas comin up, sum nigga comin down,
Look at the tahoe truck, got surround sound
Keep on talkin down and u get a beat down
Got the spree wheels spinnin, and I'm cappin on u
clowns
I am a winner, far from a sinner
Look how I stop.(oh) blind by my spinners
Look at the man, gonna make a killin man
When I stop the 28s spinnin look like a ceiling fan

Chorus:

I done came down
I done came down
I done, I done, I done, I done came down
I done came down
I done came down
I done, I done, I done, I done came down
Niggas hate me now cuz I done came down
I done, I done, I done, I done came down
I done came down
I done came down
I done, I done, I done, I done came down

Pull up in a sunday, these boys can't top it
Paint is vanilla while my seats is dark chocolate
When it comes to cappin u niggas switch the topic
When it comes to the rappin they know that I'm the hottest
Try to make a profit
Boy u better stop it

Cuz my hustle man these niggas can't knock it
I'm in the droppin
Matter fact I'm boppin
Trunk hit so hard man I thought I need to drop kit
Look at the fire
You kno ima shine
Nigga ridin in the cutty wit my nigga ron
I said the cutty, don't 4get about E cuz he comin down
slidin in the grand prix
Earn got the monte C, and mike got the 8 ball
Spell SLAB backwards that mean we got balls
Niggas hate on yall, I think not
Matter fact when I stop I get aplaude

{Chorus} 2x
