Daddy's little girl alone in her room
She's lost in her own world, talking to the moon
Tears in her big blue eyes,
Sign of fear arise
How she wish that she could fly high

She can see the hands are turning
But the time is standing still
While the candlelight's are burning,
The night is in for the kill.

Another sleepless night
She's wide awake in a nightmare

The Circle Of Fire
The secret remains the same
With lust and desire
It's coming back over and over again

Outside the darkness is falling,
And her dreams lie cold in her heart
The door opens up without warning,
And the hatred will tear 'em apart
Another sleepless night
She's wide awake in a nightmare

The Circle Of Fire
The secret remains the same
With lust and desire
It's coming back over and over again

Another sleepless night
She's wide awake in a nightmare

The Circle Of Fire
The secret remains the same
It's coming back over and over again
The Circle Of Fire
The secret remains the same
With lust and desire
It's coming back over and over again
With force and with power

The silent scream,
There's no reveal.

The Circle Of Fireâ€¦
The evil circleâ€¦
It's coming backâ€¦HA!
