Brothers and sisters, welcome!
It seems to make you ??? from spiritual congestion,
there is but one solution, we must wake up viper-eyes
build up the ??? ourselves
Wake up, wake up, wake up! And release yourself!

You got to ??? yourself good!
???

Well, well, well
Like I've said before
Your ??? are in a bad state.
But there's one escape, there's one way
to remove the blockage from your spirit,
Wake up, wake up, wake up! And release yourself!

It's all about the feeling
