What a strange situation that I got myself into
I knew I should have listened when they said stay away
from you
I made my decision, I didn't care about the
consequence
The pain, the lies, you hurt my pride, I wonder where
my money went

You do what you do just to get at me
If it makes you feel good go ahead and try
I'll take anything you throw at me
It might hurt but I ain't gonna die, no, no, no

Well you wouldn't know a good thing if it
looked you in the face
If you'd pay attention instead of getting off into
my space
You'd see a new way that wasn't there
the day before
One more try, if not goodbye, go ahead and close the
door

You do what you do just to get at me
If it makes you feel good go ahead and try
I'll take anything you throw at me
It might hurt but I ain't gonna die, no, no

You do what you do just to get at me
If it makes you feel good go ahead and try
I'll take anything you throw at me
It might hurt but I ain't gonna
It might hurt but I ain't gonna die, no, no, I
ain't gonna die
