There's a meeting across the river  
Just past the smokescreen in your eyes  
Everybody's waiting to see you deliver  
Now it's the time to break the tie that binds

Come on down now from your fences  
Come on down now to the other side

Broken down in another man's cell  
Who's gonna be there to pay your bail?  
It's hard sometimes to know what is right

Everyday's just another hard time  
Yeah, you know by now you gotta pay to ride  
And that's alright, I finally see the light

Didn't think there'd be a sermon  
Don't make no difference by and by  
I can't be bothered by your burden  
It's just a matter of time before it dies

Broken down in another man's cell  
Who's gonna be there to pay your bail?  
It's hard sometimes to know what is right

Everyday's just another hard time  
Yeah, you know by now you gotta pay to ride  
And that's alright, I finally see the light

Now just go on about your business  
Break out the truth at the light of day  
But one more thing you should consider  
Is how your lies gave you some damn good shade,  
yeah, baby

Broken down in another man's cell  
Who's gonna be there to pay your bail?  
It's hard sometimes to know what is right

Everyday's just another hard time  
Yeah, you know by now you gotta pay to ride  
And that's alright, I finally see the light

I finally see the light  
Let it shine, let it shine, baby, let it shine, yeah
