I got whiskey, women and time  
I've been traveling down those thin white lines  
About ninety miles behind me now and it's gonna be a  
good ride  
I can't wait to get back out on the road  
It's the place that I love every time, baby, don't you  
know?

Love whiskey, women and time  
Traveling thin white lines  
Love whiskey, women and time  
Traveling thin white lines

'Bout ninety miles outta Vegas, it's gonna be a long trip  
There're many a times I've stumbled along the way  
There're many a times I've slipped

I keep coming up and coming down  
And everything here and in between, Lord, I have  
Haven't been asleep in so long  
I know that it feels like a dream this time

I love that whiskey, women and time  
Traveling thin white lines  
Love whiskey, women and time  
Traveling thin white lines

Many times when you see me, you know I'm on the go  
Headed to another town, yeah, it's time to do another  
show  
Grab a friend if you want, come along, you can join me  
for the ride  
Life should be a journey for your heart, it's in and out  
like the tide

I got whiskey, women and time  
I keep traveling down those thin white lines

'Bout a million miles behind me now, feels like a billion  
miles  
I can't wait to get back home, see my momma  
My dad, my brothers and sisters, all the people that I

love  
Baby, don't you know it's good to be back home  
again?

I love whiskey, women and time  
I love traveling thin white lines  
But it's good to be back home again

Whiskey, women and time  
Traveling thin white lines  
Whiskey, women and time  
Traveling thin white lines
