Yeah, yeah, yeah, yeah

It's a wonderful night
You've gotta take it from me
It's a wonderful night
(Come on and break it on down)

It's a wonderful night
You've gotta shake it for me
It's a wonderful night
(Come on and break it on down)

It's a wonderful night
Everybody can see
It's a wonderful night
(Come on and break it on down)

It's a wonderful night
Go ahead and release
It's a wonderful night
(Come on and break it on down)

You know the music search engine need a tune-up
Soon as they out the gate they all a wanna hear da
corner
Well that was cool but now but then I heard a rumor
Your crew was ridin' for the white cliffs of Dover

Let me tell ya how we do it in California
We'll have you on the run just like a puma
If it don't move us ain't paid ya dues and it ain't gonna
get our roosers
We gonna lose ya to the consumer solution c'mon

It's a wonderful night
You've gotta take it from me
It's a wonderful night
(Come on and break it on down)

It's a wonderful night
You've gotta shake it for me
It's a wonderful night

(Come on and break it on down)

Girl I want it you got it
Your body's like a narcotic
The thought is auto erotic
(Come on and break it on down)

Can I get it on credit
I guess your brick house I'll bet it
Take it as far as you'll let it
(Come on and break it on down)

That the spot will get hot, that it's ready to pop
Don't even look at the clock, all of your problems
forgotten
It's time to rock till you drop, feel the force and just
flock
To the epicenter of the party's bass drummers c'mon

It's a wonderful night
You've gotta take it from me
It's a wonderful night
(Come on and break it on down)

It's a wonderful night
You've gotta shake it for me
It's a wonderful night
(Come on and break it on down)

We're gonna stimulate your mind
Everybody's high
Eyes just like a child
Everything feels right

Once you've seen the light
You're gonna move all night
Feel your soul ignite
Everything feels right, right, right

We live the masterful life that's mythical
Feel its chords and its vibes atypical
Do what you want, it's alright this mystical
Time you've got, that's a lot of this principle

If you stay in this moments so critical
Let the music change your brain stems chemicals
Make you feel like your spirit's invincible
Force centrifugal reaching up to your pinnacle now

It's a wonderful night
You've gotta take it from me

It's a wonderful night
(Come on and break it on down)

It's a wonderful night
You've gotta shake it for me
It's a wonderful night
(Come on and break it on down)

We rock like Colorado, you're at it throwin' bottles
We give a fuck about who your status, who you are
tomorrow
Whether you beg or borrow or hit the super lotto
Whether your girl look like a minga or a supermodel

Feel the connectedness, energy, dis projected the
weighted
The whole collective consciousness, arise like helium
oh
Groovin' out of the question, won't disrespect him, but
Our styles fuckin' pouch like Dave Beckham c'mon

It's a wonderful night
You've gotta take it from me
It's a wonderful night
(Come on and break it on down)

It's a wonderful night
You've gotta shake it for me
It's a wonderful night
(Come on and break it on down)

The truth I'm at 'em and rough 'em, as hard as the
granite get
Never hesitant upon a mic strike, quick, like an
avalanche
Hijack ya like a Comanche, I'm a man on a mission
Rhyme vigilante

Keep all the jealous and the envious antsy
Love to do the club though with the party people
dancin'
And set the mood for all the plottin' and romancin'
It's a wonderful night, we've got the answer c'mon

It's a wonderful night
You've gotta take it from me
It's a wonderful night
(Come on and break it on down)

It's a wonderful night
You've gotta shake it for me

It's a wonderful night
(Come on and break it on down)
