Are you listening  
Am i here screaming?  
Drowning in a silent sea  
Or only dreaming?

Drifting in and out  
His mind never rests  
Lying in shadows  
Replaying a thousand regrets

Can you hear me  
Am i getting through?  
A million miles away  
Or here beside you?

Drifting in and out  
His heart never forgets  
Lying in shadows  
Replaying a thousand regrets

And the minutes just pass  
As the hours change  
And the shifting sands  
Slowly rearrange

Drifting in and out  
His mind never rests  
Lying in shadows  
Replaying a thousand regrets
