Left here long ago  
Was passing through the years  
I was waiting for the day  
Chasing a distant star  
While the sun just slipped away

Lost my way long ago  
Was running in circles  
I was drifting through the night  
Tracing a fading star  
Moving slowly out of sight

Lost my way  
I lost my way back then  
Now it seems I'm lost  
It seems I'm lost again

I left here long ago  
Was someone else back then  
I left here long ago  
Now I'm leaving again

I lost my way long ago  
Was somewhere else back then  
I Lost my way back then  
And now I'm lost again

Everything changes  
Everyone moves apart

Left here long ago  
Now I'm staring into space  
As my thoughts drift back to you  
I'm facing a falling star  
Moving swiftly out of view

Left here way  
I left here way back then  
Now I'm leaving  
I'm leaving again

I left here long ago

Was someone else back then  
I left here long ago  
Now I'm leaving again

I lost my way long ago  
Was somewhere else back then  
I lost my way back then  
And now I'm lost again

I left here long ago  
Was someone else back then  
I left here long ago  
Now I'm leaving again

I lost my way long ago  
Was somewhere else back then  
I lost my way back then  
And now I'm lost again
