Young warrior to the drunken gallery slave  
Running with the wind, running wayward knave  
I'm a vagabond with a maelstrom mind  
My blood has left me behind

Go away leave me alone  
Look in my eyes, you see only stone  
I won't let you in  
I can locked you out

In your world, your fallacy  
I don't want desolate  
Isle of debris

Sister superior, witch is on her winged flight  
Nightmare dream children scream  
Echo orphanage hall tonight

I'm a misconception  
Never had affection  
I don't even know my name

Just as well who would know locked in  
The closet all day but I like it here  
They leave me alone

I the sheep, she is the wolf  
I must run  
Run to the end of the world

Orphan gypsy all I'll ever be  
Magic for emotion I am free  
Orphan gypsy all I want to be  
Lift your chains from me

No place to call home  
Sever my roots from the earth  
Eternal exile from day one

In this lease of life  
I entered as one  
In the end I leave as one

Not a single word of guile is heard  
Come the clouds before the rain  
You've entered my sanctum blasphemed  
And caused me pain

You're a figment of my imagination  
I am stone  
Now you know to the world  
I gave my soul to read your mind

Orphan gypsy all I'll ever be  
Magic for emotion I am free  
Orphan gypsy all I want to be  
Lift your chains from me
