Something in me  
I don't understand, a demand  
A threatening voice  
With a firm command

A liar, a danger  
A killer, a stranger  
Yeah, I guess that's me

I will extol you  
I will control you  
I will pick you up  
Just to let you down

I will desire you  
I will tire of you  
I will pull you in  
Just to see you drown

Someone in me  
I don't recognize, a disguise  
A faint reflection  
With far away eyes

A liar, a danger  
A killer, a stranger  
Yeah, I guess that's me

I will extol you  
I will control you  
I will build you up  
Just to tear you down

I will desire you  
I will tire of you  
I will pull you in  
Just to see you drown

I will extol you  
I will control you  
I will lift you up  
Just to drag you down

I will desire you  
I will tire of you  
I will pull you in  
Just to see you drown
