("You will have a baby, a monster, an evil monster
conceived in your womb, as big as I am small, and
possessed by the devil himself!")

Born to refuse
Raised to exclude
Fed myths to disprove
by post-colonial prudes:
Speaking is evil, silence is evil, exile is evil, [...] is evil,
[...] is evil, [...] is evil, [...] is evil, the future is evil

Evil man
Evil man
Evil man
Evil man

Here comes the fun
Blink and it's gone
Blacken the sun
Yell as you run:
"I am the demon, I am the demon..."

(Evil man, evil man...)

Evil man
Evil man
Evil man
Evil man

("You're like a [...?]")

(Evil man, evil man...)

("You will have a baby, a monster, an evil monster
conceived in your womb, as big as I am small, and
possessed by the devil himself!")
