Go crazy, go crazy, keep it cool with the fucking dream  
crew baby, yeah  
What's coming to the bar? Go crazy,  
let's take it to the bar, throw your hands  
Hands in the air, let's go

Roll out like I'm about to film a movie  
Put here the og, fill the ...  
Sip champagnes and I feel the ooze yeah  
Looking for a white girl a brazilian ...  
I do me, I done roleplay, cush on ... call that oj  
Who's on spell call that rose  
Let's get to it, no more foreplay  
Come through and I gotta see ...  
Everything I do I do it big  
All the pretty women in the vip  
No ... just ...gonna be about me  
And they wanna get the pipe in, I'ma like it  
Throwing jam like a fight kick  
Wanna go line, I get it popping in no time  
Why you looking at a gold mine

What you came here to do, close your mind  
What you came here to do, close your mind  
What you came here to do, close your mind  
What you came here to do, close your mind  
Close your mind, go, close your mind  
Close your mind, go, close your mind  
Close your mind, go, close your mind  
Close your mind, go, close your mind  
Go, go, break it

Double ... with the system, looking for all, you must of  
missed them  
I ain't in the waste in timing, anything I wanna take is  
mine  
Make love to the bee but I'ma wait around  
Yeah, that's my favorite crime and I did time with the  
hood  
Wrong women that be selling me, I'm at the bar  
buzzing like killer be

Yeah, get money, don't hate, cause your girl wanna  
slide, foreplay  
What the hell was that? Rotate  
Are you in the club looking for a soul mate?  
I don't just conversate before I donate, pass that to my  
boy, probate  
Ain't fun if the homies can't handle,  
I don't want a good girl, I need a bad one

Close your mind, go, close your mind  
Close your mind, go, close your mind  
Close your mind, go, close your mind  
Close your mind, go, close your mind  
Go, go, break it

Girl what you wanna do is quarter to two  
I see you got some friends well I got friends see  
Don't make such a fuss, you wanna roll with us  
You can't be so ambiguous,  
it's time to go crazy, it's time to go crazy, it's time to go  
crazy  
I said, are we gonna fuck or not?  
Are we gonna fuck or not? Are gonna fuck or not  
Are we gonna ... fucking dream crew baby

Close your mind, go, close your mind  
Close your mind, go, close your mind  
Close your mind, go, close your mind  
Close your mind, go, close your mind

Work it, work it, body body  
Work it, work it, body body  
Work it, work it, body body  
Show that butt don't try to hide it  
Work it, work it, ride it ride it  
Work it, work it, ride it ride it  
Work it, work it, ride it ride it  
Show that butt don't try to hide it

[illegible]
