Have you ever been in trouble  
Then you know just how I feel whoa oh  
Please somebody help me  
Don't let me down, trouble is all I found  
Poor me

If it wasn't for trouble bad luck and trouble  
I wouldn't have no luck at all whoa oh  
Please somebody help me  
Don't let me down, trouble is all I found  
Poor me

A rich man willed me a million dollars  
But his lawyer said  
When he stood up to sign his name  
He dropped dead whoa oh

Please somebody help me  
Don't let me down, trouble is all I found  
Poor me
