Detroit City
It was the finest city it was
Yes, Detroit City
It was the finest city it was

I'm crazy 'bout that city
And I love its pretty girls
When you leave that city
And you feel this kind of love

When you leave that city
And you feel this kind of love
Just one goes out easy
And you find a good place to go

You don't need a lot of money
To have a real good time
You don't need a lot of money
To have a real good time

Just be a real good boy
And everything will turn out fine
