I'm back again  
Mama know that papa grow on jelly beans  
Takes good care but pulls his hair when he gets mean  
Papa know that mama goes for fancy dress  
If papa give her nothing but the very best  
If papa give her nothing but the very best  
Honest papas love their mamas better

Mama know where papa goes so he revived  
Starts to croon is since his tune to ginny rock  
Papa know that mama shows her love is strong  
By waiting up for him until a early dawn  
By waiting up for him until a early dawn  
Honest papas love their mamas better

They laughin' laughin' loud together  
And make their little world seems better  
And after laughin' fun is fun  
They kiss goodnight till the morning come  
Honest papas love their mamas better

Papa know that mama goes for fancy dress  
And papa give her nothing but the very best  
And papa give her nothing but the very best  
Honest papas love their mamas better  
Honest papas love their mamas better
