I don't wanna set this great big world on fire
I don't want to set the world on fire
I just wanna start a flame in your heart
In my home I have but one desire
And that one is you no other will do

I've lost all ambition for worldly acclaim
I just wanna be the one you love
And with your admission that you feel the same
I have reached the goal I'm dreamin' of, believe me

I don't want to set the world on fire
I just wanna start a flame in your heart

I've lost all ambition for worldly acclaim
I just wanna be the one you love
And with your admission that you feel the same
I have reached the goal I'm dreamin' of, believe me

I don't want to set the world on fire
I just wanna start a flame in your heart
