Lady Madonna
Children at your feet
Wonder how you manage
To make ends meet

Now who finds the money
When you pay the rent
Did you think that money
Was Heaven sent

Friday night arrive without no suitcase
Sunday morning creeping like a nun
Monday's child has learned
To tie his bootlegs
See how they run

Lady Madonna
Babies at your breast
Wonders how you manage
To feed the rest

See how they run

Lady Madonna
Lying on your bed
Listen to the music
Playing in your head

Tuesday afternoon is never ending
Wednesday morning paper didn't come
Thursday night
Your stockings needed mending
See how they run

Lady Madonna
Children at your feet
Wonder how you manage
To make ends meet
