Hello little mama, have you heard the news
Hello little mama, have you heard the news

Ever since you left me I got nothin' but the blues

Come back to me baby, I'll buy you a brand-new
automobile
Come back to me baby, I'll buy you a brand-new
automobile

If that not enough baby I'll even go on and steal

I'll give you all my money and all my lovin' too
I'll give you all my money and all my lovin' too

If that not enough baby, I'll do anything you tell me to

[Instrumental]

Come back to me baby, I'll buy you a brand-new
automobile
Come back to me baby, I'll buy you a brand-new
automobile

If that not enough baby I'll even go on and steal
