"My Old Friends"

Visit "[My Old Friends](#)" on MotoLyrics.com

Well here's a big surprise
Yes close your eyes
Yes you're here to say hello
Yes it's me don't you know
Don't you know
I love to play that downhome sound
When you're around
I'm glad to see your face' again
My old friends my old friends
So let me shake your hands
Now I'm back again
So what I want to do
Sing my way right back to you
So let me shake your hands
Now I'm back again
So what I want to do
Sing my way right back to you
I love to play that hometown sound
When you're around
I'm glad to see your face again
My old friends my old friends
My old friend I'm back again
