Where did you stay last night, you're clothes ain't fittin'  
right

Come home this mornin' when the sun was shinin'  
bright

I called you on the phone but you wasn't home  
Stood out all night, baby, you know I know you know  
that's wrong

I tried to treat you nice but you just won't do right  
Come home this mornin' baby, no that wasn't right

I tried to treat you nice but you just won't do right  
Come home this mornin' when the sun was shinin'  
bright  
This time I'm goin' away, ain't comin' back no more  
'Cause you don't want me now I figure it's time for me  
to go
