[Verse 1 (Gabrielle, Eddie B and Josh)]

I never imagined someone could make me feel  
Like I'm falling so deep I wanna believe it's real  
Have you lost ya mind, has ya conscience gone away??  
Just take your take your time cuz puppy love will end  
someday  
Well, sometime you meet someone that makes you feel  
so complete

[Chorus (Gabrielle)]

I drive myself crazy over you  
I'm drownin in my sorrows cuz of u  
I drive myself crazy over you  
I'm fallen in love (Fallen in Love) (Fallen in Love)  
I'm Fallen In Love

[Verse 2 (Gabrielle, Valure and Eddie B and Josh)]

See lately, I feel like I don't kno wat to believe, nothing  
that you say can take away this void inside of me  
Listen to me sista, I kno the games they play (sista), It  
may sound like love, But he may not want the same  
Girl you gotta do wat chu feel is best for you,  
If it's love don't let it pass you by

[Chorus (2x)]

I'm goin crazy, baby, I'm goin crazy for u, baby [4x]
