Where is my boy?
I saw you come out of a scene
Maybe, in some kind of dream
Somethin' that never comes

Time that I take
See over in arms, I raise
All racing to find you
All racing to find you

Time stands
I open your eyes to my world
I see you come out of it all
Unharm'd and unscath'd and shouting, oh

Come over here
In houses, I live in
And changes you're makin'
To the state of affairs

Callin', "Where is my boy?"
I have seen you so often
I cry, "Where is my boy?"
Or have you all forgotten?

And in some kind of dream
Have I seen you before?
Oh, have I seen you before?
Oh, where is my boy?

So, come all the way
Changin' your number
Changin' the house where you live
Change your lines

Have I seen you before
In some kind of a dream?
In a place you've forgotten
A place I've forgotten

So, where is my boy?
When I kneel in your arms

I flew awry
Where is my boy?

Have I seen you before
In some kind of a dream?
Have I seen you before
In some kind of a dream?

In my hands, you'll fall
Open in as it seems
Have I seen you before?

Oh baby
Your arms and your legs are shattered
Where is my boy [Incomprehensible]
Where is my boy?

I said, "Where is my boy?"
Have you seen you before?
When I look in your eyes
Tell me he had to go

Seem I've seen you before
In some kind of a dream
Seems I've seen you before
In some kind of a dream

I say, "Where is the boy?"
Have I seen you before?
Yeah, I saw you before
In some kind of a dream

I say, "Where was my head
When I needed it most?"
Oh, I stayed here before
Yes, I stay in the place I know
