Let me know just what you need  
Tell me what you see  
I'll be waitin' right here just for you  
I'll be thinkin' only of you  
Thinkin' about the look in your eyes

Even though you have changed  
My love stays the same  
And I want you to know how I feel  
Darlin' you should know by now my love's real  
It's been so long, so far away

I will show you how much I love you  
I will show you how much you mean to me  
Wont you let me into your heart  
And you will see we're meant to be

Chorus:  
I knew from the start  
You're there in my heart (my heart)  
No one in this world makes me feel this way  
Give me jus' a little more love (jus' a little love)  
Give me jus' a little more time

I knew from the start  
You're there in my heart  
No one in this world can make my dream true  
I can see the love in your eyes (I see the love in your eyes)  
And I can feel the passion inside

Even though you have changed  
My love stays the same  
And I want you to know how I feel  
Darlin' you should know by now my love's real  
It's been so long, so far away

I will show you how much I love you  
I will show you how much you mean to me  
Wont you let me into your heart  
And you will see we're meant to be

I knew from the start  
You're there in my heart (my heart)  
No one in this world makes me feel this way  
Give me jus' a little more love (jus' a little love)  
Give me jus' a little more time

I knew from the start  
You're there in my heart  
No one in this world can make my dream true  
I can see the love in your eyes (I see the love in your eyes)  
And I can feel the passion inside

I knew from the start  
You're there in my heart (my heart)  
No one in this world makes me feel this way  
Give me jus' a little more love (jus' a little love)  
Give me jus' a little more time
