If you want me out of your life  
Now, all you gotta do is tell me  
Oh, I ain't got a life of my own, now  
And the one I got with you could kill me

You've been takin' some time, does it weigh on your  
mind?  
You think you've got an answer, tell me, I don't know  
But if you want me out of your life  
Now all you gotta do is tell me, now and I will get out of  
your life

Now, if you want me out of the way  
Now, all you gotta say is somethin'  
And if you think you'll tell me today  
Well, it seems I'm waitin' here for nothin'

You still call me your friend, yeah I think you're  
pretendin'  
If you keep on ignorin' me then I will go  
But if you want me out of your life  
Now all you gotta do is tell me

When all this confusion goes, what else could there be?  
But this feelin' I knew that turned out to be true  
When I saw you walkin' out you turned your back on me

Now, if you want me out of your life  
Now, all you gotta do is tell me  
Oh, I ain't got a life all alone, now  
And the one I had with you near killed me

Now, it's time to catch up on the ones I forgot  
It took losin' you to find the things that I still got  
But if you want me out of your life  
Now all you gotta do is tell me

Tell me, tell me now and I will get out of your life  
If you tell me, tell me, and I will get out of your life  
[Incomprehensible]  
I will get out of your life, if you tell me, you tell now, oh  
yeah
