The dudes and I were crackin' around
To check out the scene of our Old Downtown
We found some chicks that thought they were better
Than us so we fell in love
Oooo. . .Ahhh. . .
We tried our best to talk to them
They said they were the Creme dela Creme
And said that we were nonsense
So we jumped to karate stance and said

We are not the nonsense
We are the Catalyst
We are not the nonsense
We not the Catalyst

The dudes and I were hanging out
In places we used to where rock was the sound
We found some chicks that thought they were better
Than us so we fell in love
Oooo. . .Ahhh. . .
We tried our best to talk to them
They said they were the Creme dela Creme
And said that we were nonsense
So we jumped to karate stance and said

We are not the nonsense
We are the Catalyst [6x]
