We've got a lot of tricks up our sleeve
We've got everything you need
You say you want it
You come and get it!

Rock it and let it roll!
Your answer can't be no
Everybody's gonna be there baby
C'mon it's time to go!
You're answer can't be no
Come on and let me show you
I know you will like it too

We've got a lot of tricks up our sleeve
We've got everything you need
You say you want it
You come and get it!

Rock it and let it roll!
Your answer can't be no
Everybody's gonna be there baby
C'mon it's time to go!
You're answer can't be no
Come on and let me show you
I know you will like it too

There'll be dancin' and singin'
To melodies that we're br-r-ringing!
Movin' and swingin' and you won't wanna leave!
Yeah!
Bop
Bop
You come and get it. . .
Yeah!
