There's a sinister feeling brewing bout a women and  
her non-stop yap in a couple weeks she'll be stewing  
bait the hook of a tender trap spend your money on  
countless reasons brick-a-brack that cannot be used  
snivel on the ground that she walks on give an inch and  
that women wants two the trouble today with women  
the mouth don't stop there's an older one yakity-yack  
husband's credit cards let her shop there's a younger  
one gums keep flappin' will the jawbone never stop  
there's an older one she need screwin' never in your  
life no not me will the women's mouth never cease the  
trouble today with women the mouth don't stop
