"U Minus Cool"

Visit "[U Minus Cool](#)" on MotoLyrics.com

You
Are you minus cool?
When you are smoking every afternoon
And morning and evening and midnight and noon
And you, just aren't you

Your jaw dropped and heart stopped
I don't think you're on top of this
And you're different than you were when we were
friends

Aren't you?

You
Are you minus cool?
When you are smoking every afternoon
And morning and evening and midnight and noon
And you, just aren't you?

Your jaw dropped and heart stopped
I don't think you're on top of this
And you're different than you were when we were
friends

Aren't you?

You and you're friends
Can follow all the coolest trends [4x]
